

## Relaxing outdoors A selection of outdoor pieces by Bolia

This spring, the sophisticated silhouettes of the Sling lounge chair and the Calm pouf complete the Bolia Outdoor Collection, launched in 2020. Next to these new pieces are classics like the Orlando Outdoor sofa, now available in beige, the Conwy rug, and the Highlands planter series: so many beautiful designs intended to create a relaxing outdoor space, ahead of the sunny days.

### Sling Lounge Chair

The minimalist touches of the Sling lounge chair are enhanced by quality craftsmanship evolving around sustainable elements. A visual blend of rigidity and softness, with its straight lines formed by rounded tubes and arched feet, Sling stands out for its sophisticated, elegant and modern silhouette. Stable and solid, with cushions that add the final touch between comfort and aesthetics.

### Orlando Outdoor Modular Sofa

Originally designed for indoor use, and then launched in 2020 in an outdoor version, the Orlando modular sofa is ideal to enjoy friendly evenings or peaceful moments in the utmost comfort. The designers, Karl Rüdiger and Tonny Glismann, wanted to design a flexible sofa that could include multitude of modules, as well as smaller seating areas with only one or two pieces as the comfortable backdrop. This series aluminium frame, Pantera foam and Leaf fabric in two shades of grey make up this series suitable for outdoor use. Previously only available in dark and light grey, this spring, Orlando Outdoor is now available in a soothing sand beige.

### Conwy Rug

The Conwy outdoor rug will be ideal to complete any outdoor space. Handmade from 90% jute and 10% wool, the Conwy outdoor rug presents a natural, Nordic and rustic expression, while the two materials of which it is made create an unexpected contrast. Available in several colours and sizes, it can be adapted to the needs and characteristics of the outdoor space in question and adds a warm and comfortable touch under a sofa or coffee table.

### Calm Pouf

The Calm poufs series is made with quick-drying padding. Their soothing and intriguing expression creates a sanctuary of tranquillity outdoors, illuminated by the glow of the Donut lamp. Its well-expressed design is coupled with ease of use: it can be taken on and off with a simple hand movement and provides up to 24 hours of continuous light. The Classic Outdoor cushions, available in different sizes and colours, will bring the final touch of comfort to the patio or garden, thanks to their padding made of polyester fibres treated with silicone to prevent water absorption.

An extra touch of nature will bring an atmosphere of peace and quiet to any garden or terrace. Bolia suggests to welcome plants and flowers in the Highlands planters, which were launched in 2020 alongside the Donut lamps and Classic cushions. Highlands is inspired by architecture, whose very expressive raw look will provide a delightful contrast with the softness and organic side of the plants. Whether placed together or separately, they can be used as separate planters or to create a forest of plants that will envelop this selection of outdoor pieces with a calming serenity. The Highlands planters are naturally approved for outdoor use but will equally adorn any indoor space or room with its playful expression.

### Bolia.com

Bolia.com is a design company with 66 stores in Denmark, Sweden, Norway, Germany, Belgium, the Netherlands, Switzerland, Austria and France and web shops in 32 European countries.
