

Bolia pays tribute to Scandinavian design heritage with three new armchairs

Excellent craftsmanship, durable materials and tailor-made design are the key words behind the three new armchairs from Bolia: Bowie, Visti and Elton. Bowie and Visti draw strong references back to Danish design in the 1950s, and all three designs feature outstanding comfort through a luxurious oak frame on which floats a well-balanced seat.

The Spring Collection from Bolia has arrived. It is marked by a light and sensual design universe reminiscent of Scandinavian nature and the optimistic spring season. Inspired by the vibrant Scandinavian nature, this new and refreshing collection comprises three new armchair launches: Bowie, Visti and Elton. Their look is resolutely Scandinavian, their luxurious oak structure gives them a definite elegance and their soft and generous volumes provide a comfortable seating.

Bowie and Visti stand out by their eye-catching yet familiar look, clearly influenced by mid-century Scandinavian design. Created by Italian studio Skrivo, Bowie is a sophisticated armchair with a solid FSC®-certified (FSC® C165134) oak frame that seamlessly widens from the leg, gently embracing the seat. Handcrafted with a combination of traditional and modern woodworking techniques which lends a contemporary aesthetic. The seat and backrest are upholstered in your choice of STANDARD 100 by OEKO-TEX® fabric or traceable leathers.

Visti is an inviting armchair with a distinctive style, whose retro aesthetic has been given a decidedly contemporary twist. Designed by Studio Nooi, its soft and comfortable volumes float within the neat frame crafted in solid FSC®-certified oak. The armrests with a flat top allow to place a book or a drink, and thus Visti is an invitation to a moment of relaxation in the most luxurious comfort.

Designed by Glismand & Rüdiger, the Elton armchair is perfectly timeless. With its clean silhouette, surrounded by a slim oak frame, Elton rises above the ground and allows every tailored component and craftsmanship detail to be visibly exposed in its most honest form. Its reversible back cushion is filled with Flossflakes, which is hypoallergenic down-like filling that keeps its shape longer than conventional down filling. Each of its components are interchangeable, securing longevity in a design that holds true heirloom potential.
