

Set the table for beautiful Christmas moments

Selection of tableware by Bolia

Christmas is all about sharing and conviviality. Bolia offers a selection of elegant tableware that will bring all the guests together for memorable dinners during the holidays. Every design is available for express delivery to make sure the table is set on time.

When it comes to glassware, there are two Bolia series that stand out. Silhouette, by Brido Design, is a collection of champagne, cocktail, red wine, white wine and water glasses. Made of the finest crystal, these glasses are perfectly transparent and do not reflect any light.

Rheolog, by JüngerKühn, is a series of stainless steel carafes and mouth-blown glasses. The stainless steel of the carafe creates a harmonious contrast to the soft, organic shapes. The glasses have a simple shape, slightly rounded at the rim. Both classic and modern, this series will provide a distinctive accent to the Christmas table.

The Forma series, by Ferriani Sbolgi, also features a timeless set of handcrafted bowls and plates. Inspired by the rich traditions of Japanese minimalist design, Forma features speckled stoneware. This material brings an irresistibly organic expression to the pieces, an invitation to slow down and appreciate the moment.

Created by some of the world's best designers and made of quality materials, these pieces will add a delicate expression to any table. They are available for express home delivery, making it easy to get the final details in place before Christmas and New Year's Eve.
