

Sofa beds by Bolia for small spaces and big ideas

A small living space can be easily imbued with both great comfort and beautiful design. In Bolia's collection of New Scandinavian Design, you will find sofa bed series that do not compromise on either of these elements, making small living spaces and guest rooms multifunctional and just as comfortable as your bedroom. Introducing Scandinavia and Pira.

Multifunctional furniture and storage solutions that are both practical and aesthetic are essential for small, flexible living spaces. Scandinavia and Pira are two sofa beds that are ideal for a guest room or a studio with limited space. They do not compromise on comfort, practicality or design, and effortlessly reflect Bolia's Scandinavian design inspiration and values of durability and craftsmanship.

Designed by the Danish duo Glismand & Rüdiger, the Scandinavia sofa bed is part of the best-selling series of sofas, armchairs and poufs of the same name. With its Scandinavian look and timeless design, it has a soundless, durable and easy-to-handle fold-out mechanism. It reveals a top-quality mattress with a length of 210 cm, placed on a reinforced base ensuring the same level of comfort as a classic bed. Its timeless silhouette gives it all its elegance and it is available in all of the brand's STANDARD 100 by OEKO-TEX® certified fabric and leather variants, as well as in several sizes. Scandinavia is made of FSC® certified (FSC® C165134) wood from sustainably managed European forests and handcrafted in Europe by talented cabinetmakers who share Bolia's passion for excellent quality and durability.

The Pira sofa bed is a new design by German designer Joa Herrenknecht. This elegant series of sofa beds and poufs was created with the idea to design a functional piece of furniture with an aesthetic profile looking and feeling nothing like the ordinary sofa bed. In fact, functions are cleverly hid, in the hidden storage compartment in poufs and chaise lounge modules. The level of comfort exceeds any expectation. Its high-quality fold-out mechanism reveals a long, large and soft mattress, for uncompromising comfort and great night sleep. Its timeless and clear lines, leaning towards the contemporary, are built in durable FSC® certified wood.

Bolia's Scandinavian design universe brings to life furniture with a calm and crafted look that makes a home a true sanctuary of comfort, tactility and well-being. Only using the very best materials. Scandinavia and Pira are inspired by nature, just like every design in the collection, and this is what gives them their simple and timeless expression.
