

The living room by Bolia

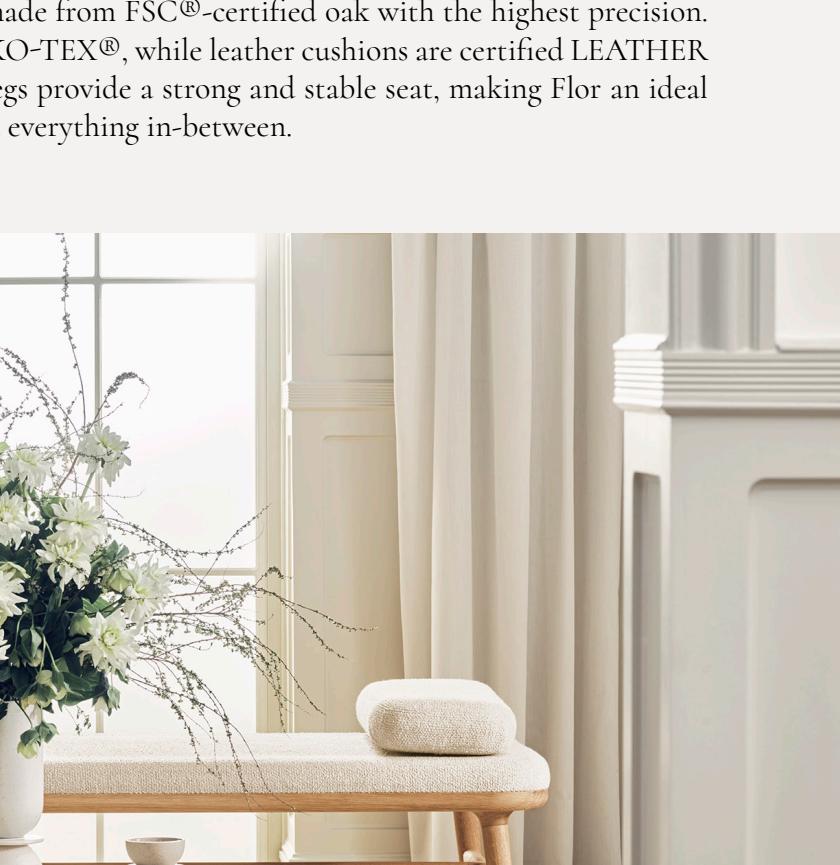

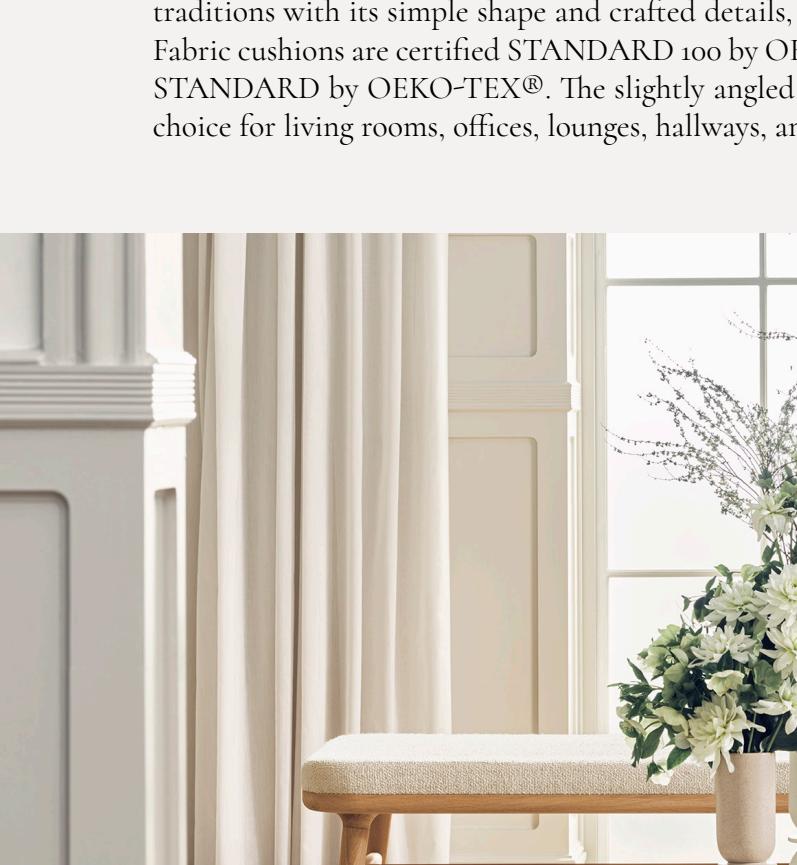

Four new designs that exude calm and well-being

As always, the new AW23 Collection by Bolia collection pays great attention to the home's resting and sharing spaces. The living room is presented with four new items: the Hayden and Sepia sofa series, the Elton coffee table, and the Flor daybed.

The lines of the Hayden sofa are a clear reference to the architectural knowhow of designer Ramón Esteve. They stand out for their calming simplicity and an exceptional attention to detail. Hayden is designed with a generously padded oak wood frame, upholstered in a STANDARD 100 by OEKO-TEX® certified fabric of your choice. This piece is all about minimalism. In a living room, Hayden brings an inviting feel, while offering depth to the space. The soft cushions are designed for optimum comfort. Hayden is available in 2,5 and 3-seater versions.

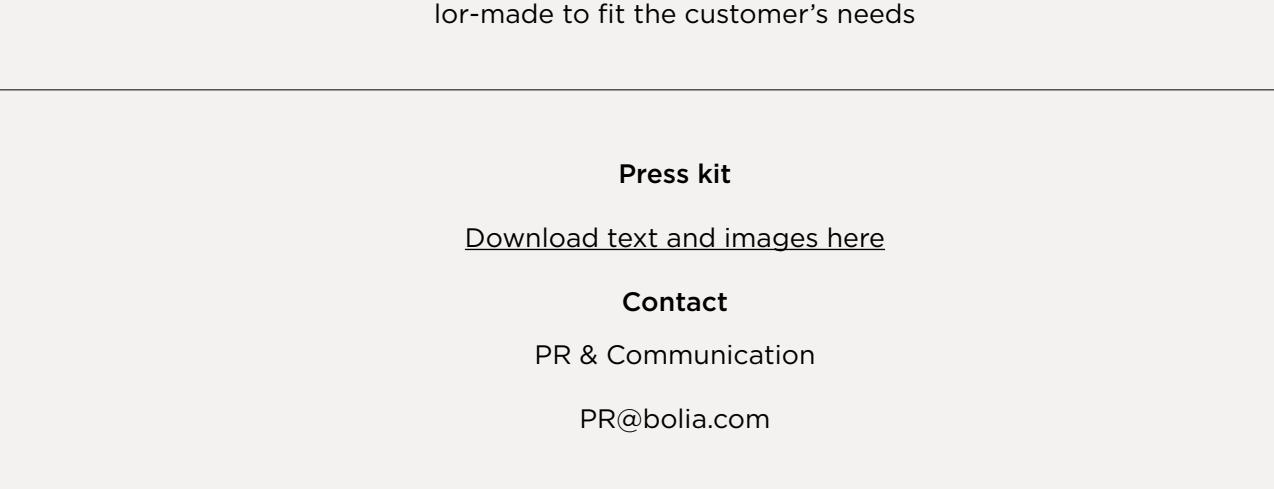

The Sepia sofa by Glismand & Rüdiger creates an elegant lounge atmosphere in any living room. New, oversized 4- and 5-seater versions have been added to the series to create the perfect spot for cosy gatherings in a spacious living room or lounge. Its characteristic, robust base in FSC®-certified oak accommodates a soft seat with reversible cushions placed on a slightly sloping base that keeps them in place. The new models come with changeable, washable covers that provide the possibility of a significantly extended lifetime.

The Elton coffee table series carries on the clean lines of the eponymous series. Its FSC®-certified oak frame is handcrafted. It highlights every crafted detail, for a piece that combines simplicity and elegance. All Elton table components are replaceable, so they can last for generations. The table is available in oiled oak - both natural and white pigmented. Elton coffee tables come in a variety of sizes: from 62 x 62 cm to 96 x 96 cm. Designed by Glismand & Rüdiger.

Designed by Martin Lauritsen, the new Flor daybed harmoniously blends Scandinavian and Japanese design traditions with its simple shape and crafted details, made from FSC®-certified oak with the highest precision. Fabric cushions are certified STANDARD 100 by OEKO-TEX®, while leather cushions are certified LEATHER STANDARD by OEKO-TEX®. The slightly angled legs provide a strong and stable seat, making Flor an ideal choice for living rooms, offices, lounges, hallways, and everything in-between.
